Lawyer Complaints and Discipline

As an official arm of the Florida Supreme Court, The Florida Bar's Division of Lawyer Regulation protects the public by providing a means to address lawyer misconduct. The division accepts and investigates complaints against lawyers, and prosecutes those who engage in unethical conduct.

The **Attorney/Consumer Assistance Program (ACAP)**, (866-352-0707), is a resource for consumers who want to discuss their concerns about a lawyer's conduct. ACAP staff may be able to help people who have a problem with an attorney but are also open to a possible resolution of the problem without filing a disciplinary complaint.

UPRights News is coming after the law licenses of Aileen Cannon, Clarence Thomas, Todd Blanche, and/or others for massive deprivation of rights under color of law, for concealing major national security threats against the United States, for concealing an estimated one million pages of Epstein evidence we submitted to DOJ 08/29/2024, and to other Biden and Harris government agencies.

We are coming after them for harboring, misprision of felonies, estoppel, equitable tolling, RICO obstruction of justice, whistleblower obstruction, whistleblower retaliation, victim stalking and intimidation, deprivation of rights under color of law (beginning with their 1st Amendment violations), and a huge volume of disqualifying crimes.

We are going to thereafter ask for all of their changes to the government to be voided, rescinded, and/or other otherwise rendered moot, because A.I. has concluded the need for the same to protect the United States from its provable enemies.

Everyone investigating our matter needs to immediately check the dates of each of these articles relative to the judicial overreach of Aileen Cannon, Clarence Thomas, and the GOP's illegally-captured SCOTUS. Our reporting and these dates are devastating to their collective criminal intent to RICO obstruct DOJ, DOS RFJ, State of CA, State of New Mexico,

State of New York, Congress (EFTA), Judge E. Sullivan, Special Counsel investigations, and so much more.

Update: After we published this article, Trump had Google rename Lake Ontario to Lake America, and where our Editor is from Ontario, and so Trump openly but secretly discriminating and intimidating his witnesses and victims of his major crimes against Epstein victims, seeking to scare them into backing down. But we are not scared and we are coming for you through the courts and through Congress. He also expressed that he is going to weaponize the FCC against reporting he doesn't like, like ours, because we have specified his crimes against America.

And his DOJ is concealing the documents proving our case "beyond a reasonable doubt", is what Special Counsel Jack Smith said, now corroborated by artificial intelligence in some of our other reporting found in the Patriotic Litigation section link at the top of the page.

This is so very important that Trump was caught specifying he would weaponize the FCC, as this morning (9/01/2026) we, Congressman Jamie Raskin, Rocklin PD, and/or others had their/our communications attacked, forming a pattern of attacks against the Placer County DA's office, which we can and did also prove today to the affected offices.

Correction: Today we found evidence that Aileen Cannon did not seal Jack Smith's report again, having found that articles with today's date (08/31/2026) were actually for February 23, 2026. ChatGPT confirmed the same.

We now live in a sea of misinformation, and so whenever we find evidence to the contrary of our reporting, the responsible thing to do is to correct the record.

Separately, we reached out to City of Rocklin Police under camera and let them know we have 1/3 to 1/2 of the missing Epstein files. They specified that they won't investigate unless the problem is local, specifying that CA has very specific rules for jurisdiction, confirming under camera that Sacramento Police and Sacramento Sheriff have no business in the City of Rocklin divebombing the home of our Editor. Glorious.

U.P.R. News Legal Disclaimer: Every person, family, organization, interorganization, agency, taskforce, country and/or proxy, expressed and/or implied of any wrongdoing in any of our published, distributed, and/or edited investigative journalism articles (researched speculative art opinions, expressions of speech, and religious expressions), is innocent of, and not liable for, any of the allegations until a legitimate court and/or law specify otherwise. Similarly, no perceived mischaracterization of any statement in any article we publish is true or false until a court specifies otherwise, and in such case we reserve the right to retract, correct, and/or publish a new article to correct any misunderstanding as the accuracy of any claim with new information we can report upon. Uprights News tests the truth with the facts we can find, and we understand that more facts may change our understanding of that perceived truth at a later date. Uprights News tests the truth by asking questions, and we try our best to find information that answers those questions. We also use obstructive A.I. linked to Epstein in some of our articles, whose "shared disclaimers" specify they (likely provably intentionally) make mistakes. All of our statements and articles should be treated as opinions or questions in the manner, "what if this allegation/fact is true, then is this allegation/fact also true?", even if those questions are expressed as opinions instead of as questions. This is also a media lab, where we experiment with and test our understanding of the truth in a cumulative manner. U.P.R. News and the content we publish should be considered like public investigators thinking out loud based on the evidence they have to protect the public. Everything we publish should separately be considered word art, religious art, cognitive behavioral therapy exercises by a victim of violent crime kidnapped, entrapped, and tortured under color of law then abandoned and targeted by 'justice' for 1st and 4th Amendment rights and whistleblower rights violations by them in conspiracy with treasonous child sex traffickers involved in war and murder crimes against children, but this is also hyperbole,

sarcasm, a cry for justice by an artist trying to protect the U.S. Constitution from failing, but is also reflective, debate, allusion, allegory, hypotheses, comedy, tragedy, recanted and/or evolving testimony based on new discoveries, 1st Amendment art, media art, modern art, and/or performance art and/or separately our articles and ideas and symbols are thought experiments, conjecture, openly speculative, published openly to not appear to be plotting unlawfully against any party or government, researched, balanced, credible (supported by Special Counsels John Durham, and Jack Smith's "evidence beyond a reasonable doubt" of disqualifying crimes, as well as by many Congressional investigations), and separately are exercises in the freedom of religion and the exploration of worldviews. All of our statements and articles we publish may separately be based on reasonable inference. We are not the ultimate deciders of what is true or not true, but rather, God, the law, an open journal documenting provable harm, credible and qualified governments not behaving badly nor in bad faith nor in a moot manner, and/or readers of our articles, who are free to read here or not, are free to decide what they believe is true or not true, based on their own additional research. Per Nietzsche, because it is true and it is false that it is good and it is evil when one animal kills another and eats it dead, the truth and harm can often be difficult to agree upon. Accordingly, Uprights News indemnifies all of its owners and contributors to all of its articles and for all of the content across all of the Uprights News website forever, from the beginning of time to the present and forth. Anyone who reads or receives any of the content of any of our articles agrees to and understands this disclaimer, and if not, they should ask an adult who reads to explain it to them. Anyone who reads any content at Uprights News fully indemnifies all contributors and owners to any article at UPR News as a precondition for any use, from the beginning of time forth. Every article we publish needs to be considered with every other article, and/or our supporting research, and/or based on your own research, as not to take any single article or claim out of context, and anyone using any of our copyrighted work or the work of others at Uprights News agrees to not to use nor consider any single article, or any part thereof, out of context of any other article or claim at Uprights News, because our articles and supporting research build on one another in an overlapping manner that form a deconstructed information puzzle and work of art. Uprights News is self-funded and/or advised by ex-military, ex-intel, and ex-law enforcement, who have been insiders, victims, and/or investigators of the Trump, GOP, Dems, Russians, and crime syndicate of Jeffrey Epstein, and thus we are an independent media organization that can't be bribed or influence by Jeffrey Epstein's crime syndicate of billionaires and the companies they wield as weapons against the world, and so we reserve the right to change our terms of service at any time. Accepting and agreeing to all of the above terms and herein are a precondition for using this website and any of its content in any manner, and everyone using this website must agree to all of these terms to use any of the same. Art like Uprights News is subjective and may or should result in different and/or competing opinions in a free society. All of this is hypothesizing out loud, and we welcome collaboration and correction requests, but our email systems have been overwhelmed by others, flooding our inbox beyond capacity. All of this is also a 1st Amendment expression by victims of violent crimes linked to Jeffrey Epstein. This is also a front channel to the US government in a bid to protect the same from its criminal element linked to the RICO obstruction of justice for the USA by its treasonous child sex trafficking element. This is also a public interest research project and the brainstorming for the same, testing 'the truth' daily, proven by our record of correcting the record with new information. This is also collectively an act of conscience against treasonous child sex traffickers engaged in acts of various types of war against children, the United States, and other countries, which we want to protect the United States from, believing them -- based on enormous evidence -- to be usurpers, anti-capitalist, anti-Christian, and privatized billionaire socialists sharing resources (taxpayer funds) operating a major RICO fraud as government contractors, trying to bring socialism back to America, which we will defend against here as is the duty of free press, per American traditional values, and per our sworn oath(s) to defend against all of the same.
